THIRTEENTH YEAR | BRYAN, TEXAS, FRIDAY MORNING JANUARY 4, 1908. | NUMBER 23

NEWS FORECAST COMING WEEK

Washington, D. C., Jan. 4.—Congress, when it reassembles Monday after the holiday recess, is expected to begin at once the real work of the winter session. The preliminaries have served to indicate which direction the legislative endavor will take. Currency and financial affairs will retain their place as the matters of first importance. Several new features of probable effort and action have been developed which were not prominent on the programme a month ago. Among these may be mentioned prospective liquor legislation and grain and cotton option legislation.

STANDARD OIL SUIT.

Monday is the time set for resuming in New York the taki.. of evidence in the Government suit to dissolve the Standard Oil Company of New Jersey.

OHIO LEGISLATURE.

The sesion of the Ohio legislature to assemble Monday is expected to be one of hore than ordinary importance. A county local option bill and a primary election measure are among the important subjects to be considered

THAW CASE.

The second trial of Hary K. Thaw for the murder of Stanford White is is scheduled to begin Monday in the Criminal Branch of the Supreme Court in New York City. It seems to be the desire of both sides to make the coming trial shorter and to cut out many of the sensational features that marked the first trial of the famous case.

FARMERS' UNION.

One of the most important conventions of the week will be that of the Farmers' Educational and Co-Operative Union of America, which on Tuesday will begin a three days' session in cide on plans to reduce the cotton acreage in order to bring the price of the staple up to 15 cents.

MATTERS POLITICAL.

Several events will occupy the attention of the politicians during the week. Meetings of several of the state committees are expected to show signs as to which way the wind blows in regard to the presidential nominations. William J. Bryan, Governor Folk, Tom Johnson and other national democratic leaders are to be heard at a Jackson Day banquet in Chicago Wednesday night.

TEDDY'S TERRORS.

The American fleet of battleships en route to the Pacific, is due to arrive at Rio Janeiro next Saturday. The fleet will remain there for four or five days and a di patch from Rio Janeiro says that elaborate preparations are being made for the entertainment of the officers and men of the fleet.

DIXIE FLYER TOMORROW

Chicago, Ill., Jan. 3.—The first permanent through passenger service betwen Chicago and Florida will be started tomorrow by the Chicago & Eastern Illinois and the Southern railways. The train, which will be known as the "Dixie Flyer" will be run each day between Chicago and Jacksonville, Fla., by way of Nashville and Atlanta. The train will be run betwen Chicago and Jacksonville on a thirty-six hour schedule.

FAMOUS RUSSIAN.

Liverpool, Jan. 3.—Among the notables sailing for New York on the Carmania today is Prof. Paul M. Milukoff, leader of the Constitutional Democrts in the Russian Duma. While in America, Prof. Mulukoff will speak on political matters and endeavor to interest the American pubilc in the fight for governmental reform in Russia.

THIRTY DERRICKS IN THE FIELD

San Antonio, Tex., Jan. 3.—Oil operators from Pennsylvania and Oklahoma and Ohio are here in considerable numbers, leasing land in the San Antonio oil field. John Oglesby, representing the Marsh-Brown syndicate of Pittsburg, has just purchased a large tract of land in the field and will at once put up three derricks. Park and Wallace also of Pennsylvania have made leases and will soon begin to operate. M. E. Green of Tulsa, Okla., has his first derrick up and has begun drilling. There are, now over thirty derricks in the San Antonio field, and all of the wells, down over 200 feet, are getting a good showing of oil. Three big wells have been brought in yielding from 100 to 300 barrels a day. Plans for a pipeline are being made, and an effort is under way to establish a glass manufacturing plant in the oil field for the advantage of cheap fuel. The product of the San Antonio field is the finest grade fuel oil—one barrel of it in heat-giving quality being equal to five barrels of average oil now on the market. Land owners are leasing on a one-eighth royalty, but the field is so extensive that many operators are buying outright.

DEPOSIT GUARANTY.

Comptroller Suggests a National Bank Make Application.

Washington, Jan. 3.—The rights and privileges of national banks of Oklahoma under the recent law of that state providing for the guaranty of deposits in banks within the state form the subject of a statement by the comptroller of the currency. He refers to a previous attempt upon his part to obtain an opinion from the attorney general as to the right of national banks to avail themselves of the law, which officer, he says, declined to render an opinion because at the time the question was submitted the bill in question had not been enacted into a law.

The comptroller states that before an official opinion can be obtained from the department of justice it will be necessary for some national bank in Oklahoma to make application in writing to the state board for permission to receive for its depositors the protection of the depositors' guaranty fund, and for the comptroller to be formally requested to agree with the state banking board and bank commissioner upon what terms and conditions the application may be sustained.

When the question again comes before the officer in this form, the comptroller said he will again refer it to the attorney general for an opinion as to his right to enter into an agreement with the bank commissioner upon which national banks may accept terms and be subject to the liabilities of this law.

DAYLIGHT LYNCHING.

Negro Accused of Having Taken the Life of a Policeman.

Brookhaven, Miss., Jan. 3.—Probably the first lynching of 1908 occurred here Thursday, when a mob in broad daylight took a negro away from police officers and shot him. The negro, whose name was not known, either to the police or the mob, was accused of killing a policeman at Oakvale, Miss., on Tuesday night.

The negro had been arrested as a suspicious person because he came to Brookhaven looking for medical treatment for a gunshot wound in the abdomen.

The mob got him away from the police by using a lasso, which was thrown over the negro's neck as the officers hurried him to jail. The lassoing of the black occurred near the central part of town about 3 o'clock, and owing to quick gathering of crowds an effort to hang him was abandoned.

After the shooting a city offical persuaded the mob not to drag the body through the streets as the leaders wished to do. The mob is said to have been composed mostly of men from the vicinity of Oakvale. After the lynching a negro who saw the body said it was that Coot Autman, accused of killing a policeman in this vicinity Dec. 10.

SECRETS OF THE WIRE TAPPERS

New York, 3.—It is probable that the trial of Chas. L. Gondolf, on the docket in the Court of General Sessions tomorow wil be postponed until William F. Walker, the defaulting treasurer of the New Britain Savings Bank of New Britain, Connecticutt, can be brought here to testify. Walker was recently arrested in lower California, but it is expected it will be some weeks before the extradition proceedings can be completed and the fugitive brought back.

The charge against Gondolf is that he obtained $135,000 from the New Amsterdam Bank, in this city, through a sale of eighty-five $1,000 bonds of the Chicago, St. Paul, Minneapolis and Omaha Railroad Company. These bonds, it was later ascertained, are part of the booty stolen by Walker from the New Britain Savings Bank

It is said that Gondolf was at one time the leader of a band of professional "wire tappers," and that while engaged in that business he met Walker and induced him to invest in some of his "sure things." It is said that Walker spent a good deal of the money he stole with Gondolf and his crowd. Gondolf is apparently well supplied with money and has retained able counsel to conduct his defense. The prosecution hopes that Walker will turn state's evidence and thus aid in the conviction of Gondolf.

CASTELLANE AND COUSIN.

Have Lively Fight, Both Being Covered With Mud.

Paris, Jan. 3.—Count Boni de Castellane and Prince Helie de Sagan who, on several occasions, was reported to be engaged to Mme. Gould, had a personal encounter Thursday at the Church of St. Pierre de Challiot while a service to the memory of Lady Stanley Barrington, a relative of both men, who died lately in England, was in progress. Beginning inside the church, where Count Boni says the prince insulted both him and the sacred edifice, the encounter was resumed at the doorway, where Count Boni, followed by his brother, Count eJan de Castellane, overtook the Prince. Count Boni spat in his cousin's face. Then came the clash of canes, followed by a rough and tumble fight on the pavement, which ende in the gutter, where the men were finally separated by a big butcher. Count Boni, at the moment of intervention, was holding down the well nigh insensible prince, while eJan, according to eye-witnesses, was administering to him a severe kicking.

When the police arrived the butcher was holding the two principals in the fight, who were covered with mud. The prince was bleeding profusely from a wound in the right temple, where he had been hit by Count Boni's heavy stick. With the butcher's hand on his collar, Boni was haranguing a crowd which had gathered, as to why he had spat in the prince's face.

The police invited the two men to go to the station house and this, after some disputing, they agreed to do. All three of them, bespattered with mud, accompanied the police and, followed by several thousand people, they marched off to the station, where they made "explanations."

Both Count Boni and the prince gave their own version of the quarrel, each claiming that the other was the aggressor, but the prince alone lodged a complaint, charging the brothers with assault.

"A process verbal" having been written out, according to the French code, the men signed it and were then released. The case will go before the public prosecutor, who will decide what, if any, steps shall be taken.

In view of the fact that the prince has elected to pursue the matter in the courts, the idea of a duel seems to be precluded.

MEETS AT DALLAS.

President Jordan Has Issued a Call For the Convention.

Atlanta, Jan. 3.—President Harvie Jordan of the Southern Cotton association has issued a call for the meeting of the national executive committee to be held at Dallas on Feb. 19. The regular annual meeting of the various state divisions of the association will be called to meet at their respective state ...als thro...out the cotton belt on ...g of the state di... ...cutive commit... ...will be for ...cers and ...rence ...on ...the ...ation

SHIPPING WINTER VEGETABLES

San Antonio, Texas, Jan. 3.—Winter vegetables are moving out of the section surrounding this city in car load lots. Already carloads of cabbages and lettuce have been shipped from Cuero, Corpus Christi and Rockport. Similar shipments are being made from the irrigated truck gardens that surround this city. Beets cauliflower, spinach and turnips predominate, and not only the local market is supplied but shipments are being made to St. Louis, Chicago, and Eastern points. Excellent profits are being realized. Cabbage and lettuce are yielding from $125 to $200 an acre, and the other winter vegetables are hardly less profitable. Some of the growers settled in this section only last September and are particularly pleased at not having to wait a year to get results. One Belgian farmer, named Moeller, who came here five years ago and rented 12 acres of ground for gardening from F. F. Collins, a prominent business man, although so poor at the start that he had to be staked for seed and implements by Mr. Collins, has just sold out his last crop and holdings, and returned to Belgium with $13,000. Mr. Collins, who is president of a big manufacturing company, vouches for the statement. Trucking here is profitable, because there is something growing and ready to sell all the year 'round.

MUST ACCOMMODATE PUBLIC

Little Rock, Ark., Jan. 3.—Several recent orders of the Arkansas Railroad Commission, looking to the better accommodation of the traveling public, are scheduled to become operative on all the railroads doing business in this state tomorrow. Under the new order of things, the roads are required to keep all their stations clean and sanitary, to keep the ticket offices open an hour before and an hour after the arrival of trains, and arrange for the correct bulleting of trains. The furnishing of each passenger with a seat is also among the new requirements.

REPLY RECEIVED.

Japan Exhibits a Disposition to Meet Desire of This Country.

Washington, Jan. 3.—Secretary Root has received from Ambassador O'Brien at Tokio a transcript of the reply of the Japanese government to the memorandum submitted to him some time ago in relation to the regulation of Japanese immigration into America. The reply is very long, discussing Mr. O'Brien's proposition in the greatest details. So far, Secretary Root has not had time to carefully consider the reply, but it is stated that in ... opinion of the Japanese governm... to meet the desires of American ... a satisfactory manner. Mr. O'B... coincides in this view of the Jap... response.

BY CARNES & WALLACE

BRYAN, TEXAS, JANUARY 4, 1908.

The split-log drag costs almost nothing—but maybe that is why it is not more highly esteemed.

The Curier-Journal says nobody while drunk, can pronounce the word "chrysanthemum." Did Marse Henry find out by experience?

The relation between promise and performance ought to be the same as that between cause and effect, but with a majority of people it isn't.

Secretary Bonaparte metaphors the "malefactors of great wealth," to a pack of wolves on the trail of the president. Just think of strenuous Teddy in the role of "Little Red Riding Hood!"

The cork tree will grow in any of the Southern states, but it does not produce corks. For similar reasons the cotton plant will grow in various countries without producing cotton The countries bordering on the Mediterranean have a monopoly of the cork production, just as we have of cotton production, by virtue of climatic reason.

New York is making a great ado over a toad found embedded in limestone in a Montana mine. Three years ago three live toads were found embedded in a basaltic rock, in a mine belonging to the Chisos Mining Co., in Brewster county. The superintendent, Mr. H. J. Lewis, took the writer of this paragraph down into the mine, some 200 feet below the surface, and pointed out the place where they were found.

If you can't say anything in commendation of your neighbor, don't say anything about him at all. Right here is a good place to call attention to a resolution that has been almost unanimously adopted by the people of a Kansas town: "Resolved, That we spend one-half of our time minding our own business and the other half in letting other people's business alone." Adopt that resolution all over Texas, and we will get rid of the gossipers, soreheads, growlers faultfinders and every other class of undesirables. Do this and let peace and good will and prosperity make everybody fall in love with Grand Old Texas.—Ft. Worth Star.

The following literary gems are excerpts from a late address by F. D Coburn, secretary of the Kansas Department of Agricultre:

"It was well said by a former cabinet minister, that in the American hog we have an automatic, combined machine for reducing bulk corn and enhancing its value; that he is a min and the corn of our common country the bullion he transmutes into golden coin. * * * Kansas possesses more of these latest model, self-lubricating mortgage removers than all New England and fifteen other states and territories added. * * * There is probably no other territory of the same area as Kansas where the conditions of climate, soil, food and care are more congenial to the hog's health and wholesome development, and he is nowhere found so developed except among and by a high order of people. High-class swine are unknown and impossible among a low class of people."

Substituting Texas for Kansas, in the above, the Eagle says amen to every word of it.

In the making of Tennessee, no man—Andrew Jackson not excepted—played a more prominent part than General Jack Sevier, and traditions of his chivalrous exploits are still current among the mountaineers of East Tennessee. Sevier's bitterest enemy was one John H. Tipton, and on one of the earliest meetings of the General Assembly, they served together as members of the House. Tipton had introduced a bill, which he was extremely anxious to have passed, but when the time came to take the ayes and noes, he was asleep at his desk. After the roll-call commenced, one of his friends awakened him so that he could vote. Ashamed to ask what measure was pending, he decided to see how Sevier (whose name would be called before his, would vote, and then vote on the other side. Sevier, believing the measure to be a good one, voted "aye," and when Tipton was called the House was startled with a resounding "No!" Nor did he discover his mistake in time to correct it, and the Hon. John H. Tipton went on record as voting against his own pet measure because Sevier favored it. And the political tribe of Tipton is not yet extinct.

JERRY SHORTER JAILED.

Negro Wanted in Connection With Alleged Theft of a Horse and Buggy.

Dennis Watson, colored, had a horse and buggy stolen from the hitching rack near the store of Will S Higgs in this city, one night about five weeks ago. The property was located in the possession of a negro near Independence, he having bought the animal and vehicle from another ngero. Yesterday morning Deputy Sheriff J. D. Conlee arrested Jerry Shorter, near the upper store of Parker Bros. in the Brazos bottom, and he is held in jail here in connection with the case.

BAD MUDHOLE REPORTED.

Mr. Jeff Cole 'phoned the Eagle from the home of J. B. Dunn yesterday, reporting a bad mudhole on the Bryan and Wheelock road, near the Wymola place, and says it is nearly impassable. Mr. Dunn also added emphasis to the bad condition of the road at this point, which is near the Wymola place. He says the gates have been locked where parties have heretofore been able to go around the hole and that the condition of the mudhole is now such that ladies can not pass, and the job is a good healthy one for a man. We feel sure the authorities will give attention to the matter at once

PHILATHEA ENTERTAINS.

The Philathea Class of the Free Baptist church of Bryan, Mrs. L. A. Barrow teacher, entertained, Thursday evening, at home of Mrs. L. A. Swanwick. Those present included the Baraca and Philathea classes and the officers and teachers of the Sunday school, there being about thirty persons present. Contests, games, music and refreshments made up a most pleasant evening.

LEAP YEAR SKATE.

About twenty-five or thirty couples of young people enjoyed a Leap Year skating party at the Rink last night. The young ladies gave the pleasant affair, thereby reciprocating with interest, some of the many jolly parties that have been given them by the young men. Everybody had a good time and the boys feel under obligations to their fair entertainers.

MARRIAGE NEAR EDGE.

Rev. John Swanwich returned yesterday from a visit to Edge and reported three marriages which have taken place during the holidays in the vicinity of Edge, as follows: Mr. Collie Elliott and Miss Pearl Drew, Mr. John Manning and Miss Ora Hayes, and Mr. Frank Glaze and Miss Emily Skains being the contracting parties. The Eagle joins other friends in extending congratulations and best wishes.

CITY SCHOOL BOARD MET.

The City School Board held a meeting last night and gave attention to routine matters. Report was made of the work of putting down gravel walks at the West Side School and the committee was authorized to make the same improvements at the East Side School. The tin roof on the deck of the east side has lately been renewed. The schools open Monday.

DEFENSE DECIDED UPON

Insanity Will Be the Plea That Will Be Offered

BY ATTORNEYS OF THAW.

In Much New Testimony It Will Be Purpose of Martin Littleton and His Associates to Prove Client Irresponsible at Time of Tragedy.

New York, Jan. 3.—At a conference of attorneys who will represent Harry K. Thaw in his second trial it is said that a final decision was reached that the only defense to be introduced would be that Thaw was insane when Stanford White was killed. It will be contended however, that Thaw is now sane. Those in conference were Martin W. Littleton, Daniel O'Rielly and A. Russell Peabody.

The defense, it is said, will offer new testimony. There will be a score of eye-witnesses to the shooting of White, who have not testified before, and all will testify that in their opinion Thaw was crazed on the night of the murder. Mr. Littleton has a list of talesmen who have been summoned to appear Monday, Tuesday and Wednesday in the criminal branch of the supreme court and detectives are investigating the record of each.

There are signs that the second trial will attract much less attention than the first did. Applications from out-of-town newspaper representatives and press bureaus for seating accommodations are noticeably fewer. The space in the courtroom available for correspondents and spectators will be somewhat less than last year, but it will be ample when the idly curious have been barred out.

Unless new witnesses open a new line of inquiry, the testimony, it is expected, will be largely a repetition of the testimony in the first trial. District Attorney Jerome, who will again be the chief prosecutor with Assistant District Attorney Garvan as his aid, said that the trial would surely begin before Justice Dowling Monday morning, as set some time ago.

NOVEL NUPTIALS.

Peculiar Relationship of the Interested Parties In a Marriage.

Waterloo, Ia., Jan. 3.—A most peculiar marriage took place here when a husband and wife attended the wedding of their son and daughter, both under age. The contracting parties were Arthur Goettel, aged nineteen, and Nettie Delaney, aged sixteen. The groom is a son of S. Goettel by a former marriage and the bride is the legally adopted daughter of Mrs. Goettel No. 2. The elder Goettels were married eight years ago and the bride and groom were thrown in each other's company until friendship ripened into love that culminated in marriage. In securing a license, husband and wife were required to give consent to both parties for marriage, the only instance on record here.

HEROINE TO WED.

Sailors Termed Her Pluckiest Girl They Ever Had Seen.

Baltimore, Jan. 3.—The engagement of Miss Katherine Noble, the heroine of the Mohegan disaster, is announced. She is to wed Ernesto Trovi Simondetti of Mexico. Miss Noble was a passenger on the steamer Mohegan when it sank in the English channel Oct. 15, 1898. She placed a lifebelt around her and clung to a plank in the water for five hours before she was rescued. Saillors tried to take her into lifeboats, but she refused, saying they were overcrowded, and in addition her weight might lessen the chances of those already in the boats. The sailors said she was the pluckiest girl they had ever seen. She was one of the eleven passengers saved out of ninety-seven.

DOZEN POISONED.

Five of Them Were Reported on Friday to Be Dying.

Wharton, O., Jan. 3.—A dozen people were seriously poisoned here by eating cheese, at least five of them were reported to be dying. Those poisoned are Mr. and Mrs. Clarence Bell and three children; Mr. and Mrs. Wheeler Crider and two children and the family of Thomas F. Long. Mr. and Mrs. Clarence Bell and children were reported dying.

The finest coffee substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute" says the doctor. "Health Coffee" is really the closest Coffee imitation ever yet produced. Not a grain of real coffee in it, either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, eac. Really it would fool an expert—were he to unknowingly drink it for Coffee. Sold by J. M. Lawrence & Co. dtf.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

RUSSELLVILLE ATTACKED

Band of Night Riders Do Much Damage There.

DYNAMITING AND BURNING

Couple of Tobacco Warehouses and All Contents Completely Destroyed and a Planing Mill and Three Smaller Structures Injured.

Nashville, Jan. 3.—A long distance telephone message to the American from Russellville, Ky., states that night riders visited that place at 12:45 o'clock this morning.

The tobacco warehouses of F. C. Work & Co. and the American Snuff company were dynamited and burned. The planing mill of Roberts & Brown and three other smaller houses were more or less damaged. Many shots were fired, but so far as known, no one was injured. There were between fifty and seventy-five masked men in the party, and they were at Russellville about an hour. The Louisville and Nashville depot was threatened by the flames, but escaped. The attack was entirely unexpected.

ZIMPELMAN NO MORE.

Long Postmaster at Austin and a Leading Citizen of the State.

Austin, Jan. 3.—Major George B. Zimpelman, postmaster of Austin, died here after a week's illness.

Major Zimpelman was appointed postmaster by President Cleveland and was reappointed by President McKenley and again by President Roosevelt. He was sheriff of Travis county for a long time.

He was born at Hufsdorf,, bei Lunden, Germany, July 24, 1832, and came to America in 1848. He enlisted in the Terry Texas rangers. When Ross was governor he served as colonel on his staff. He was a Knight Templar, Elk, Shriner and a member of the John B. Hood comp of Confederate Veterans.

REV. DR. JOHNSON DIES.

Prominent Presbyterian Minister Departs This Life at Austin.

Austin, Jan. 3.—At Seton infirmary Rev. Dr. Josephus Johnson, one of the best known Presbyterian divines in Texas, departed this life after a lingering illness. His health has been feeble for thirty years. Dr. Johnson, who was fifty-nine years old, was born at Water Valley, Miss. He came to Texas in 1872, and was pastor of the First Presbyterian church of Victoria from 1872 to 1905. In the latter year he succeeded the late Dr. Smoot as pastor of the First Presbyterian church of this city. His remains were shipped to Victoria. For twenty years Dr. Johnson was stated clerk of the Texas Presbyterian synod.

EDITOR SHOT TO DEATH.

Entering Office Door When Tragedy Happened, and Wife Arrested.

Hallettsville, Tex., Jan. 3.—W. R. Beaumier, editor of the Hallettsville Herald, was shot and killed as he entered his office door. An inquest was held. His wife was arrested and placed under $2,000 bail. The body of deceased was removed to his late residence.

SOON TO REOPEN.

Fully Seven Thousand Coke Ovens Will Again Be In Operation.

Pittsburg, Jan. 3.—It is expected that fully 7,000 ovens of the H. C. Frick Coke company at Connellsville, and in the lower Connellsville region, will be put in operation again within a few days. Owing to the large number of foreigners who returned to their native lands since the coke plants closed some weeks ago, it is believed operations will have a great deal of trouble in securing enough workmen.

To Be Tested by Mobile.

Mobile, Jan. 3.—The Alabama 9 o'clock closing law for cities of over 15,000 inhabitants will be given a test hearing in the courts, and will be carried to the state supreme court. The law went into effect Wednesday night at midnight, but only one-third of the saloon keepers observed it. The first arrest was made late Thursday afternoon. Every other city in the state where the question is up is observing the law.

Receipts and Expenditures.

Washington, Jan. 3.—Government's receipts for December were $47,283,828; expenditure, $55,818,873.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without ... and highly vital principle, no ... Try This For Catarrh.

Free tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever.

Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petrolatum. This Creation—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination.

If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally if a complete cure is to be expected. Otherwise the Dr. Shoop's Catarrh Remedy will alone be entirely sufficient. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere.
